DESCRIPTION:

Explore the rugged mountain ranges of Croatia with this adventure ziplining course in the heart of the Dalmatian Dinaric Alps. There's more to Split than golden beaches, defensive architecture and desert island retreats - travel into the foothills of the Kozjak mountains and add an extra dimension to your next holiday on the Croatian coastline with this aerial zip line excursion!

Situated a mere 25 minutes from the center of Split, the ziplining course is nestled in the heart of the Kozjak mountains and overlooks the town of Split, the Adriatic sea, the ancient Roman settlement of Salona, towns of Solin, Kaštela, Trogir, and most of central Dalmatia islands.

A three-hour zip line course overlooking the town of Split, this aerial adventure consists of 6 zips with a total length of 2500 meters and a 90 meters suspension bridge through pine trees. Meeting in Prokurative square, groups will be led into the mountains through a nature walk by a professional guide. Fully supervised by instructors that will be on hand at each platform, groups will travel across the mountain range - enjoy amazing views of Dalmatia inland and the Adriatic sea along the way.

There are few very short hikes on maintained trails, but participants should be comfortable walking on uneven terrain.

Our zip line tour runs in all weather conditions, unless strong winds or lightning interfere with operational safety. The Course Guide on duty will determine tour cancellations, and guests may be notified at any time regarding cancellation. In the event of your tour being cancelled by the Zip Split, you will receive a full refund. We reserve the right to postpone (or pause) a tour for up to one hour to wait out inclement weather and then resume normal operations

WEIGHT REQUIREMENTS

All participants must weigh between 30 and 110 kg (70 and 250 lbs).

AGE REQUIREMENTS

Please note that children must be at least 17 years of age to participate on a zipline tour without an adult. Our suggested minimum age is 10 years old. However, everyone must meet our weight requirement.

PHYSICAL CONDITION

All participants must be in reasonably good physical condition, with the ability to pull yourself hand over hand along a cable (your weight is supported by a harness). There are few very short hikes on maintained trails, but participants should be comfortable walking on uneven terrain. Also remember that our tours last 2 to 3 hours.

MEDICAL REQUIREMENTS

Guests with conditions that require fast acting medication, should bring their medication with them and make their guides aware of the condition prior to the start of the trip. The Zip Split is located at mount Kozjak about 30 min drive from city center, so evacuation could be delayed. If you have any concerns about your medical conditions, please consult your doctor before zipping.
